1. Contributor owns, and has sufficient rights to contribute, all source code, (including xml code) and related materials intended to be compiled, interpreted, parsed or integrated with the source code for the Java Model Railroad Interface ("JMRI") open source project source product (the "Contribution") which the Contributor has ever delivered, and Robert Jacobsen has accepted, for incorporation into the technology made available under the JMRI open source project.
2. Contributor hereby assigns to Robert Jacobsen joint ownership in all worldwide common law and statutory rights associated with the copyrights, copyright applications, copyright registration and moral rights in the Contribution to the extent allowable under applicable local laws and copyright conventions. Contributor agrees that this assignment may be submitted by Robert Jacobsen to register a copyright in the Contribution. Contributor retains the right to use the Contribution for Contributor's own purposes. This Joint Copyright Assignment supersedes and replaces all prior copyright assignments made by the Contributor to Robert Jacobsen under the JMRI open source project.
3. Contributor is legally entitled to grant the above assignment and agrees not to provide any Contribution that violates any law or breaches any contract.
